presenting key psychology concepts within the context of personal narratives and essays over 60 this reader challenges students to explore the intrinsic relationships between introductory psychological principles and real world experiences

lifespan development in context corresponds to the organization of most lifespan development and developmental psychology textbooks beginning with issues involving birth and infancy continuing with childhood adolescence and adulthood and concluding with issues concerning dying and death each chapter contains 4-6 personal narratives and each narrative covers a different concept issue or topic within a given age period

this book brings together a diverse set of clinicians scholars and researchers actively using systemic family therapy ideas within the context of ongoing or recent humanitarian intervention the contributions focus on critical issues specific to the practice of family therapy within global mental health contexts with a particular attention to the humanitarian sphere issues covered include treatment across cultures and language barriers work in settings with covert and overt threats practice in low resource situations and the creation of a family therapy program that relates to peace building reconciliation and post war discourse the diverse group of authors contributes practical information and content specific to the training supervision and or delivery of family based services and offer specific principles and recommendations for family therapy practitioners and researchers

in contemporary media cultures media are part of the most important sites where collective representations and narrations of a post migrant civic culture are re negotiated at the same time they offer powerful resources and instruments for civic participation and collaboration media and

participation in post migrant societies addresses an important shortcoming in the research on participation in media cultures by introducing a special focus on post migrant conditions to the discussion both as conceptual refinements and as empirical studies the contributions of this book provide diverse analyses of the conditions possibilities but also constraints for participation and the role of media communication in the reshaping of civic culture in post migrant societies

this book examines how exactly effective intercultural communication at work takes place in order to do so the authors take a deep dive into understanding the communication process and variation in communication patterns across cultures and individuals they introduce a model that focuses on four sources of nonverbal communication discuss existing research on intercultural communication in the workplace and offer propositions for future research on the indirect implicit and nonverbal cues that can stymie cross cultural communication effectiveness at work

the disordered mind third edition is a wide ranging introduction to the philosophy of mental disorder or illness it examines and explains from a philosophical standpoint what mental disorder is its reality causes consequences compassionate treatment and more revised and updated throughout the third edition includes enhanced discussions of the distinction between mental health and illness selfhood and delusions about the self impairments of basic psychological capacities in mental disorder and the distinct roles that mental causation and neural mechanisms play in mental illness the book is organized around four questions what is a mental disorder or illness what makes mental disorder something bad what are various mental disorders and what do they tell us about the mind what is mental health and how may it be restored numerous disorders are discussed including addiction agoraphobia delusion depression dissociative identity disorder obsession compulsion schizophrenia and religious scrupulosity among others several neurological disorders are examined various problems associated with dsm 5 and with psychiatric diagnosis are explored including chapter summaries and suggestions for further reading the disordered mind is an ideal text for courses in philosophy and should appeal to not just philosophers but to readers in

cognitive science psychology psychiatry and related mental health professions

after decades of focusing on the mother's role in parenting family studies researchers have turned their attention to the role of the father in parenting and family development the results shed new light on childhood development and question conventional wisdom by showing that beyond providing the more traditional economic support of the family fathers do indeed matter when it comes to raising a child stemming from a series of workshops and publications sponsored by the family and child well being network under the federal fatherhood initiative of the national institute of child health and development this comprehensive volume focuses on ways of measuring the efficacy of father involvement in different scenarios using different methods of assessment and different populations in the process new research strategies and new parental paradigms have been formulated to include paternal involvement moreover this volume contains articles from a variety of influences while addressing the task of finding the missing pieces of the fatherhood construct that would work for new age as well as traditional and minority fathers the scope of this discussion offers topics of interest to basic researchers as well as public policy analysts

based on a study among higher educated adult children of lower class turkish and moroccan immigrants in the netherlands this open access book explores processes of identification among social climbers with ethnic minority backgrounds using both survey data and open interviews with these minority climbers the study details the contextual and temporal nature of identification the results illustrate how ethnicity is contextual but have tangible and inescapable effects at the same time also the findings call for a more reflexive use of terms like ethnic ingroup outgroup and bonding bridging overall the book helps us understand the emergence of middle class segments that articulate their minority identities and as such it will be of great interest to academics policy makers and all those interested in processes of integration and or diversity
